**PRINCIPAL’S MESSAGE**

Dear Parent, Carers and Students

**Caring Hearts – Inquiring Minds – Enriching Lives**

In our minds, we are always making or building concepts. Concepts are ideas or understandings that are based on our opinions and supported by what we experience in our lives.

The concepts we hold become our mind’s reference points through which we picture what’s happening around us.

For example, we have many students at our school who think they are good learners. They also achieve highly and get all A’s and B’s on their reports, so their concepts are being supported by their experiences.

When the concepts we hold are different to what’s happening around us, we'll adjust our behaviour in such a way as to change what’s happening until it matches the concepts we hold.

For example, we also have many students who think they are poor learners. They usually dislike school and try to avoid learning. These students try to modify the environment in the classroom by using behaviour that stops the teacher from teaching and other children from learning. Then they feel comfortable because their concepts match what’s happening around them.

Kids who hold self-concepts that they are good learners usually enjoy school and aim to complete most of their schoolwork. Kids who hold self-concepts that they are poor learners usually dislike school and try to avoid learning.

How do these concepts change and develop? Through our experiences and through self-talk. Our mind is always at work, even while we are sleeping. Self-talk can be negative or positive.

Positive self-talk gives us personal power. It can change how we do things and programme us for success rather than failure, for happiness instead of sadness and for good instead of bad.

Are you supporting your children’s positive thinking or negative thinking?
The QParents website will allow parents of Queensland state school students to access information about their child and to communicate directly with their school. It will give you secure online access to information such as:

- Attendance Details
- Report Cards
- Invoices
- Payment Details

You will also be able to update your child’s details and let the school know of changes to normal routine, such as when your child is unwell or has to leave early. Contact the school office for more details.

EVERY DAY COUNTS
Our attendance this term sits at 91%. This is well below our target of 95%. I have noticed that over the last number of Fridays that our attendance has fallen below 89%. Please ensure your child attend school every day unless they are genuinely ill.

**District Track and Field Carnival**

Week 3 saw the district’s schools come together for the 10-12 years Greenbank Track and Field Carnival. This included the High schools in the area who now have the year 7 students. The days flowed smoothly with terrific weather to help with the events. The Overall winners were St Bernardine’s Catholic school. Yugumbir came in a respectable 3rd place. Sophie Sayers became Multi Champion. There are 8 students who have qualified for the Greenbank District team to go to the Metropolitan West Regional 10-19 years Carnival next week. They are: Jackson Rushton, Jackson Dale, Seth Rowe, Holden Putaura, Chloe MacNeill, Ashleigh Doyle, Violet Baleinagasau and Sophie Sayers. We wish them all the best for the next level of competition.

**Prep – Yr 3 Funday**

On Friday was the launch of a new look Funday with the introduction of the new House and House names. The weather was perfect for a wonderful day of fun by our junior students. From the tussle at the tug-o-war to the bounce at the ball games, the students and supporters were having an exciting time participating in the day.

Thank you to the Parents and friends who came along to show their support for the students and the school. After an early lead by the new House Gliders, Wallaroos steadily crept up to eventually take the lead in the last rotation. Well done to the Year 6 House Captains who helped with the activities. See you again next year.

**Maths Teams Challenge 2015**

2 teams from Yugumbir State School competed against 5 other schools in the Logan West Cluster to showcase their skills in solving mathematical problems. There were two events in the competition; the teams contest and the relay contest. Each team consisted of 5 members, with a few spares to sub-in. Both of the Yugumbir teams did an amazing job answering some very tricky problems, with Yugumbir Team 1 winning second place overall.

A special thanks to Mrs Coates for providing opportunities for maths extension to the Year 5 and 6 students who competed in the event.

**Year 4 Camp Warrawee**

**Camp Fun!**

Last week all year 4 went to amazing camp Warrawee. Where there was awesome activities and delicious food.

On Thursday morning group 2 went canoeing at North Pine River. First Peter (our teacher at canoeing) gave out life jackets that fitted us and oars that would fit below our chin or higher. He also slowly showed us everything we needed to know to go canoeing. After he told us everything we got into groups of 3, I was with Astasia and Imogen. We used great teamwork and had loads of fun!

By Lilly

**Camp Warrawee**

On Wednesday last week I went on camp. We did lots of activities and my favourite was canoeing.

On Camp Warrawee one of my activities was rock climbing and I am going to tell you all about it. Our first job before we went rock climbing was we had to put on our harness. Our second job was we had to put on our helmet. Our third job was we had to get clipped on to the rope that the instructor would hold. Once you had done all three things you could go rock climbing. I made it up both walls. Another activity that we did was canoeing. Our first job was to put our P.F.D on. Our second job was to grab a paddle. Then Kyle the instructor showed us some ways to paddle. Then me, TeAriki and Kanyon went canoeing. We could go really fast and Kanyon could do a good rudder. After canoeing we could go for a swim but the water was freezing cold.

By Thomas

Thursday. Next, the point of rock climbing was to help you learn to climb. Finally I’ll say we were climbing rocks that were over us.

My favourite activity was low ropes I did it with Callum, John, Peter, Jesse and I quickly balanced through the course. I did low ropes beside the bush. I did this on Thursday afternoon. We did challenging low ropes to learn about teamwork. We needed a team of five, my team was Callum, John, Peter, Jesse and me.

By Jack

**Camp Warrawee**

Hi my name is Jessica, and I want to tell you about year four camp at Warrawee. Now let’s adventure off into camp Warrawee.

The first thing we did was canoeing. I did it with my friend Shelby. Canoeing is harder than it looks. My other companions were having a lot of fun. Some people were trembling and our instructor told us that we were forbidden to go past a certain point. It felt like a quest because we had to figure out how to do it.

The last thing I did was archery. It was loads of fun. Even the teachers got to have a go. Stanley did well, so did Kiara. She hit a bullseye! The second time we did it, we had to do it independently. Camp Warrawee was so much fun! I hope I can go there again.

**Conquering**

Last week at Camp Warrawee, Group 6 went rock climbing in the afternoon, after doing bush art with Mr Wills.

I conquered both rock walls. The rock wall on the right was the beginner rock wall. The wall in the middle was the hardest rock wall. We weren’t allowed to climb it because the rope was broken and thinned out.

On Thursday I went to archery and learned how to shoot a bow and arrow. I got 3 bullseyes, but one of the bullseyes bounced off the target. The same thing happened to Thomas’s arrow.

My favourite part of Camp Warrawee was canoeing.

By Kanyon.

**‘The Loose Change’ Challenge**

The Cool Our School Subcommittee would like to thank everyone who participated in this fundraiser.

**We raised $1816.60**
BOOK FAIR

Our Book Fair sold just over $12,000.00 in books and merchandise and as a result of this, we will now have about $4,200.00 (35% of total) to spend on books and resources for our school library.

Well done Yugumbir Students, Parents and Carers and the Yugumbir PrePrep for making our Book Fair so successful!

As a result of this great response, your children/grandchildren will benefit by having one of the best stocked school libraries in the district. Children may borrow books each week to take home and read and we encourage this to happen.

It was wonderful to see the children so involved in Book Fair not only with the Colouring Competition run in conjunction with Book Fair but also very excited about purchasing books, posters, pens etc. Children visited the Library each day to check prices and it was wonderful to see the enjoyment on their faces when they were allowed to bring money to buy a book.

The theme for our Colouring Competition this year was “Under the Sea: Explore an Ocean of Books!”

We would like to thank Mrs Power, Mrs Green, Mrs Greenhill, Mrs Jordan and Mrs Schulz (parent) who helped us with the Book Fair. Without their help, our job would have been so much harder. It was lovely to look up when we were busy serving people to see a mum or teacher there helping. We, as a school, are so fortunate to have such people willing to help even though they have lots of other commitments as well.

Thank you from Mrs Wiedman & Mrs Miller.

Commonwealth Bank School Banking Update – Please Read

Concerns have been raised regarding the ‘Cosmic Light Beam Torch’ reward item due to the inclusion of four button batteries that can be accessed by unscrewing the back of the torch.

Whilst this reward has been independently tested and deemed to meet relevant product standards the Commonwealth Bank have made the decision to proactively withdraw this item from the School Banking Rewards Program. Parents/Guardians are requested to dispose of any ‘Cosmic Light Beam Torches’ their child may have already received as part of the Rewards Program. Students who have previously received a ‘Cosmic Light Beam Torch’ are welcome to redeem an alternative reward item.

Any and all donations would be greatly appreciated by the Year 5 students.

Please find the “Year 5 Parent Helper” Form attached to the Newsletter. If you can assist with this program please complete and return the form asap.

Thank you very much for your continued support.

STRIVE- Structured Tier Two Robust Instruction of Vocabulary Experiences
Some more examples of our students using Tier Two Vocabulary during conversations. Our STRIVE gottcha wall in the library is filling up as more students receive a gottcha for using STRIVE words in their speech or writing.

NAIDOC
On Monday our students had great fun participating in a variety of NAIDOC activities. They made kinship trees, played indigenous games on the oval, created a chalk mural which was all over our paths, made environmental plates for different animals, and they painted didgeridoos and clapping sticks. The whole school attended a parade in the afternoon and watched and listened to visitors performing songs and dances.

Reading Eggs
The school has purchased Reading Eggs this year for all students who are participating in the Student Resource Scheme. If you have made payment please contact your student’s teacher if you require log on details for your child.

Have a great week.
