The Yugumbir School Wide Expectations are-

Each week different students will be writing a paragraph about our school expectations and what it means to them. Below is our first student from Year 6 who is sharing her views on this week’s expectation which is moving safely in and around the classroom.

Moving safely in and around the classroom is important, mainly for safety reasons but also to make sure the classroom functions well and objects don’t get ruined. The following reasons are only some reasons why you should move in and around the classroom safely. Firstly, there are many objects in the classroom that could be dangerous if students run or push another student. You need to walk in an appropriate manner to ensure that you and everyone around remain safe. Also, if you are fooling around and being silly you could trip over a chair, desk or even a friend.
Please move in and around the classroom sensibly to avoid ruining furniture, hurting your friends or YOURSELF!

Principal's Message

Dear Parent, Carers and Students

The following is part two of the article by Andrew Fuller published in last week’s newsletter. Andrew is a clinical psychologist.

Following are the final five habits that will strengthen your families’ resilience.

It is clear who is in charge
Families do not work well as democracies. Parents consult a lot with their children but at the end of the day, the parent should have the final say. Some parents fear that if they take charge that they will lose the friendship of their children, but often the reverse is true.

Consistency
Consistency is the ideal. Having parents who agree on rules and standards and who convey the same sorts of messages and who value compassion over intimidation, clearly has the best outcome in terms of children’s well-being. It is also important that parents not be open to manipulation and work together as a team. Life however is not always so simple and we all know from sad and sour experience that parents cannot always be consistent. Sometimes parents have different value systems or can’t come to a consistent way to handle particular areas. In these situations, a second possibility is for one parent to take charge of a particular area. This is not the most desirable solution but it is better than having parents in conflict over management issues or worse, undermining one another. In single parent families or where parents are separated the same principle applies.

Teach the skills of self-esteem
Families that work well seem to praise one another a lot. Compliments are made, positive efforts are commented on. Optimism is in the air. Even in these families, children still shrug and say, “Yeah Mum” or “Yeah Dad” whenever a compliment is made. Teaching the skills of self-praise is useful. One way of doing this is to ask questions extensively about any achievement or accomplishment. Asking questions like, “How did you do that?” “How come you did so well at that test?” “What did you do?” and “Have you been doing homework behind my back?”
Know how to argue
Families that work well know how to argue. It seems strange to say this because we all have the sense those families that work well and don't have conflicts. The family is really where we learn to resolve disputes fairly. The way that parents teach children to resolve differences of opinion with their brothers and sisters provides the basis for sharing, negotiating and problem solving in the world beyond the family. While differences of opinion should be allowed to be expressed, children also need to learn that they will not be able to win at all costs.

Parents are reliably unpredictable
With young children it is important to provide consistency and predictability. This allows them to feel sure of you. It is important to have structure and consistency but it is also useful to act in ways that your children wouldn’t expect. This keeps them interested in learning from you or at least wondering what you are up to. Perhaps the most important feature of parents in healthy families is that they realise that all of the above is desirable but not always possible and so they look at how to promote good functioning while not wasting energy on blaming themselves for the times when things don't quite work out as they had planned.

Enjoy your week!

HOMEWORK FEEDBACK SURVEY 2015
Our school is currently conducting a full review of our school's homework policy. It is a part of our desire to seek feedback through consultation as we re-evaluate school programs and improve school policies and procedures. Our key priority is to continue to explore ways to bring about the best outcomes for all students and their associated families. We feel it necessary to gain feedback from all parties concerned and have subsequently put together an online homework survey for parents and carers.

I encourage all parents to respond to this survey in order for us to gather an accurate representation of family opinions as it relates to each of their children.

The survey closes on Tuesday 2ND June.

Click on the icon link below to access the Homework Feedback Survey

SPECIAL P & C MEETING TONIGHT
There will be a special meeting held prior to our normal general P & C meeting tonight in the staffroom, commencing at 7.00pm. At the special meeting we will be endorsing our new P & C Model Constitution for 2015.

EVERY DAY COUNTS
Every day counts… because children achieve better when they attend school all day, every day
Every day counts… because going to school means getting a better chance at life
Every day counts… because school helps children build social and emotional skills such as communication, teamwork and resilience
Every day counts… because going to school is a legal requirement

Remember our school target for attendance is 95%.

We have set up a generic email address for your convenience to notify us if your child is absent – absent@yugumbirss.eq.edu.au

Chocolate Drive

The Chocolate Drive begins this week. The oldest child in each family has been given a box to take home (unless the signed note was returned). If you do not require this box, please return to the office immediately as there are many students keen for extra boxes to sell.

Attendance Points

To help us achieve our target of 95%, each morning our teachers take a tally of the number of students from each sporting house who are at school on time. Students need to be on time as late arrivals are not eligible for a point for their house.

At the end of the term we will give the winning house some form of recognition which is still to be determined.

Encourage your children to be at school on time, every day!

For week 3, the leading class was 3RB with an attendance rate of 98.3%.

The leading house for last week was the Wallaroos who are also narrowly leading the overall percentage for students in class, on time. Well done to all those in the Wallaroos and everyone who is making every day at school count.

Litter!

We seem to be experiencing an increase in the amount of litter in the school. A number of parents and visitors have commented to us regarding the state of the grounds. For this reason we will be holding a number of emu parades to try and keep our grounds clean. We will be purchasing gloves for students to use so the process will be hygienic.

If you wish to discuss this, please feel free to contact me on 33800333.

Curriculum News

This week’s Reading Strategy Focus is **Questioning- Author and Me Questions**

When answering author and me questions the reader must read between the lines as the answer is not explicit in the text. The reader needs to rely on prior knowledge and experience, and must look for clues and evidence to prove the answer.

To answer these questions:

- Read the question.
- Underline key words.
- Re-read the text.
- Look for information with links to or supports the key words.
- “Think like the author”.
- Use this information to make your own ideas or opinions.

Let’s try some Author and Me questions to answer with your child.

- **A person takes your temperature.**
  Another person listens to your heart and asks how you are feeling.
  **Where are you?**

- **You watch the screen.**
  You see a man telling what the weather will be tomorrow. You switch the channel to watch a cartoon.
  **What are you doing?**

- **The boy looked at the cover and read the title.**
  He looked at the pictures and some of the words. He went back to the beginning and began.
  **What is the boy doing?**

- **The girl changed her clothes.**
  She grabbed a towel and sunscreen. When she got there she walked to the edge, took a deep breath, and jumped in.
  **What is the girl doing?**

**STRIVE- Structured Tier Two Robust Instruction of Vocabulary Experiences**

This year 1PB have been learning the meanings of these words in their classroom:
They are using their tier 2 words in their writing. Check out these descriptions.

Reading Eggs
The school has purchased Reading Eggs this year for all classes. Please contact your student’s teacher if you require log on details for your child.

Happy reading everyone and don’t forget to activate your prior knowledge and make a prediction before you read. As you read, try to make connections to what you are reading and visualise images. Clarify any words that don’t make sense. After you read summarise your reading by talking about what the text was about and always ask questions before, during and after your reading. Remember when answering right there questions, the answer is always right there in the text. Think and search questions, you have to put pieces of information together. Author and me, use your prior knowledge, experiences and clues in the text to help you answer.

School Arrival Times

It has been of great concern to see that an ever increasing number of students have been dropped off at school well before 8 am.

8.30 am is actually the recommended ideal time for students to arrive at school unless they need to be here earlier for a specific reason eg; Booster Classes, Band Practice, Sport Training etc.

Our new policy will be that any students arriving prior to 8.15 will be required to make their way directly to the Main Under Cover Area, outside the Tuckshop. It would be great if the students had a book to read so that they could be occupied whilst waiting.

At 8.15 the Office Staff will make an announcement to allow the children to move quietly to their class area to wait for the school day to commence. Children should remain quietly with the vicinity of their own classroom until the first bell rings.

**NO** students are to play on **ANY** Adventure Playgrounds before school.

PCYC operates Before and After School Care from our School Hall for students who require care. PCYC can be contacted on 0427 755 364 or you are welcome to call in to discuss care with the available staff.

We are seeking your co-operation in this matter to ensure maximum safety for all of our students before school.

Adding 10 minutes a day to a child’s reading makes a big difference over the year.

A comparison of Year 5 children

DID YOU NOTICE?
The more minutes children read per day, the more fluent their reading becomes. From 5 minutes to 15 minutes per night, there is around a 200% increase in word exposure over one year!

Research shows us that the benefits of reading more improve performance in:

General knowledge, vocabulary, reading comprehension, verbal fluency and spelling.

The resource scheme provides us with significant opportunities to refine explicit teaching strategies for all students and ensure we personalise the teaching and learning for every child. As we continue to embed the Australian Curriculum and make use of the “Curriculum into the Classroom” units of work developed by Education Queensland, we continue to develop year level and unit specific resources to meet the needs of all students including those with special needs and academic strengths. By inviting and encouraging parents to support an annual $50.00 Resource Scheme contribution we will be able to produce very explicit resources to align to the work being taught in each classroom. It will also provide you with clear savings to online subscriptions that our teachers use to consolidate your child’s learning.

The School Resource Scheme includes the provision of:

- Subsidised dance lessons (10) by Footsteps Dance Company in Term 2
- Reproduced class materials which complement and/or substitute textbooks
- Online subscriptions (Reading Eggs and Ideal Resources)
- Photocopying costs (classroom materials and workbooks only)
- Materials for key learning areas where the instruction is extended through providing practical learning experiences in excess of materials provided by our school grants

Children of parents who choose not to participate in the School Resource Scheme will not be provided with any of the resources above or access to online subscriptions.

The school will provide parents and caregivers with an invoice for the resource scheme payment.

Payment

☐ I agree to pay the Student Resource Scheme by the due date and I understand that any failure to make payment by this date may result in my child(ren) being excluded from extra-curricular activities. Access may be withheld even if the student is presenting payment specifically for the extra-curricular activity.
