The rule of the week: Follow the expectations for each play area.

Students in Mrs Parkes’ and Miss Estandarte’s class have been discussing ways to do this.

Faith T (1/2P) says – “You must remember to wear a hat if you are playing up the back”.

Josip C (2ME) says – “I need to walk on the concrete”.

PRINCIPAL’S MESSAGE
Dear Parents, Students and Community members,

Teaching involves catering for the full range of needs of students within each class. By developing a thorough understanding of each child in their class, supported by information from assessment tasks, teachers are able to identify where students’ “instructional level” really is. A child’s “instructional level” is between a level which is not too easy, towards a level that contains a healthy level of challenge.

By targeting teaching at each students’ “instructional level” teachers ensure every child is progressing. To do this is a challenge for every teacher. Some ways that assist include grouping students with similar needs. For example, in guided reading lessons, students in each class are grouped according to their achievement level such that the teacher is able to focus on a level of challenge that is appropriate for each group. Further, students are able to interact with each other effectively when they are in groups of students approximately at the same level.

Teaching which is targeted at students’ “instructional level” is called differentiated instruction. Differentiated instruction happens most often in our core programs of numeracy and literacy. In a few weeks, every child in the school will have undertaken a reading assessment. The data from these assessments will further fine tune teachers’ understanding of students’ learning needs and impact on the grouping of students in lessons such as reading.

In a broader sense, there are occasions when teachers group students across classes, to form larger groups of students with similar needs. This is being explored for next term. When such a process is thoroughly organised, grouping is based on rich student achievement data and teaching is highly focussed on the needs of each group, all students are supported to advance. This strategy will unfold increasingly as the year progresses. It is strongly envisaged that our school will move closer towards maximising the achievement of every Yugumbir student.

Learning in the Early Years
Over the past two years, our leadership team has been examining the level of readiness of our students as they enter prep. The Pre-prep Program which began last year has been a positive initiative for students who are intending to start prep in the following year.

However, for all students in the years leading up to prep, the development of oral language is by far one of the most critical factors that predict positive performance at school. The development of each child’s language skills stems from a “word rich” environment in which parents and family members spend time talking to young children, gradually building a vocabulary, a knowledge and usage of words and an ability to engage in conversation about a range of topics. A balance between technology (including TV) and physically speaking to children is highly valued. This can happen at home (eg when cooking dinner) in the car (eg turning right/left; car colours, sign posts etc) when shopping (eg names of products, how many items to buy, the names of various shops etc) ..... anywhere where the parent and the child are in conversation.

A further highly stimulating source of quality conversation is when reading picture books to young children. Comments and questions about the story, about what happens next, why a character is behaving in such a way, describing pictures etc provide an enriching opportunity for our students to learn words, to explain themselves, to ask questions – to develop language skills.

The busy lives of parents is acknowledged but there are many opportunities that can be used positively to support language development in our youngest learners.
Staff Car Parks
Both internal car parks – the one near the hall and the one off Wisteria Drive are not to be used by parents at any time. The car parks take approx. 100 vehicles off the road daily, contributing towards a safer environment for students and motorists. Parents must not enter either car park at any time. This week, there have been several parents driving/parking into these car parks. Your desire to better your own collection/drop off process is reducing the safety for many other students. Police have been informed and have indicated that they will be patrolling this issue and the 2 minute zones in the near future.

Mick Quinn
Principal

Crossing Safety
There are three supervised pedestrian crossings near the school. These are manned by a supervisor each morning and afternoon. These supervisors do a great job with their ultimate goal being to ensure every child is safe when crossing the road. Their job is made easier when parents also co-operate with appropriate use of the crossing and the existing procedures – modelling positive behaviours to our students.

There have been reports of parents encouraging students to cross the road at locations other than at a crossing. This is very unsafe and poor modelling. Also, there are very serious concerns about motorists (hopefully not parents) who have driven through the crossing as the supervisor is walking onto the road to display the stop sign for traffic to stop.
Let’s work together to maintain a high standard of safety around our school.

STAY IN TOUCH WITH SCHOOL APP AND FACEBOOK

The School App is great for sending quick messages to parents. An article in last week’s newsletter provided indepth information about its benefits. All parents are strongly encouraged to have this App downloaded to their mobile phone. This App and Facebook will be the school’s first choice of communication in the event of any emergency or quick announcements that need to be distributed.

To download the SCHOOL APP:
For apple customers – go to the iTunes store, then search Yugumbir. Then click on “get”. It’s free!
For android customers – go to google play, then search Yugumbir. Click on the app, then click “install”. It’s free!

To find us on FACEBOOK:
Type in Yugumbir State School in the search bar, then click the “like” button found on the photo banner.

School Photos

School photos will be taken this week from Tuesday the 1st March until and including Thursday the 3rd March. Photo envelopes were sent home last week

PLEASE: - Do not send the envelope to school prior to your photo day. Please send the envelope with your child on their photo day - the envelopes go directly the photographer.

A copy of the proposed timetable is below, please check when your child’s photo day is scheduled. (These are approximate times - we may be delayed or running early). If your child is scheduled for an early photo please have them at school on time so that they do not miss out on their photo.

Calling for volunteers - we need your help!

The Commonwealth Bank School Banking program includes an exciting Rewards Program designed to encourage children to get into the habit of making regular savings.

Every time students make a deposit at school they receive a Dollarmites token in recognition of their regular savings. Once they have saved 10 tokens they can be redeemed for a range of exciting reward items. Students will have lots of fun saving their tokens and collecting the 2016 Rewards.

Our current School Banking Coordinator is looking for assistance to ensure we can continue to offer School Banking every week. Helping out with School Banking takes a small amount of your time one day/week and is a great way to meet other parents. Banking is processed on **Wednesday at 9am in the staffroom**.

Your help with the program will greatly benefit students as they learn to save regularly - an important habit that will benefit them into the future. School Banking is an important part of our School fundraising and allows us to purchase additional resources for the children. Teach your child to save and help our school.

Please indicate your interest in volunteering for this great program by filling in the tear off section below and returning it to the office or coming to the staffroom on Wednesday morning. A little help from several parents is all it will take to ensure School Banking is a success at our School.

School Banking Day Reminder.

Don’t forget that Wednesday is School Banking day and students should bring in their weekly deposit.

For every deposit made at school, no matter how big or small, students will receive a cool Dollarmites token. Once students have individually collected 10 tokens they can redeem them for an exclusive School Banking reward item in recognition of their continued savings behaviour.

Remember our school earns 5% commission on every deposit made (to a maximum of $10 per individual deposit). Thank you for supporting the School Banking program at Yugumbir
Banking

Last Wednesday saw the introduction of our new bank to our school banking program with both the Bendigo and Commonwealth Banks having sign on mornings on the 24th February and the 9th March in the Prep under cover area at 8.15-9.00am.

MATHS EXTENSION NEWS

On the 24th of February, we went with Erin K, Jorja M, Alex M and Tamara K to Browns Plains High School to participate in the Extension Maths Program.

We felt this was an excellent opportunity to boost our confidence, learn more advanced maths and work to the best of our ability. This week, we learned the formula to find the area of a circle, a parallelogram, and triangle. We also learned about Pi, which is equal to 3.14. The teacher, Mrs. Jovic Peu taught us many other things we had never heard of before.

We all had a great time and learned a lot, and hope we will continue to excel in our maths. This amazing program would not be possible without Mr. Holt, Ms Cornwall, and everyone down at Browns Plains High. Thank you all for such a marvellous opportunity.

- Danieka W and Jordyn B 6RH

The resource scheme provides us with significant opportunities to refine explicit teaching strategies for all students and ensure we personalise the teaching and learning for every child. As we continue to embed the Australian Curriculum and make use of the “Curriculum into the Classroom” units of work developed by Education Queensland, we continue to develop year level and unit specific resources to meet the needs of all students including those with special needs and academic strengths. By inviting and encouraging parents to support an annual $50.00 Resource Scheme contribution we will be able to produce very explicit resources to align to the work being taught in each classroom. It will also provide you with clear savings to online subscriptions that our teachers use to consolidate your child’s learning.

The School Resource Scheme includes the provision of:

- Subsidise the dance lessons (10) by Footsteps Dance Company in Term 2
- Reproduced class materials which complement and/or substitute textbooks
- Online subscriptions *(Reading Eggs and Ideal Resources)*
- Photocopying costs (classroom materials and workbooks only)
- Materials for key learning areas where the instruction is extended through providing practical learning experiences in excess of materials provided by our school grants

Children of parents who choose not to participate in the School Resource Scheme will not be provided with any of the resources above or access to online subscriptions.

The school will provide parents and caregivers with an invoice for the resource scheme payment.

**Payment**

- [ ] I agree to pay the Student Resource Scheme by the due date and I understand that any failure to make payment by this date may result in my child(ren) being excluded from extra-curricular activities. Access may be withheld even if the student is presenting payment specifically for the extra-curricular activity.

St Bernardine’s Parish Sacramental Program

Sacramental Program

An Information and enrolment session for the Sacrament of Confirmation will be held in St Bernardine’s Church on Thursday 5th May 2016 at 7.00pm.

It is essential that parents who intend to enrol their child/ren in the Sacramental Program will need to attend this session.

The Archdiocese of Brisbane has recently updated the Sacramental Policy (Christian Initiation for Children - Baptism, Confirmation, Penance and Holy Communion). Parishes will now offer a Program and celebrate the Sacrament of Confirmation when the child turns eight (Year 3). The following year the child will prepare for the Sacrament of Reconciliation (Penance) which will be included as part of the preparation and Celebration of his/her First Holy Communion.

You can pick up a copy of the Archdiocesan Sacramental Policy from the Parish Office or Access on the Parish website: www.stbernardinesparish.com.au

If you have any queries, please contact Jean in the Parish Office or email: pastoral.stbern@bne.catholic.net.au
