Rule of the Week:

**The rule of the week:** “Give Respect, Earn Respect.”

What we say to the people around us has a great impact on other people and how we are then treated by others. If we want to be respected by others then we need to first show them respect by speaking appropriately, using manners and using our words to solve problems rather than being physical.

Students in 4BC have been designing acrostic poems and boomerang posters to show what respect means to them. We have attached some photos of the students at work, after our Principal’s Message.

**PRINCIPAL’S MESSAGE**

**Dear Parents, Students and Community Members,**

Congratulations to our school community on the Fun Day held last Saturday. A steady stream of community members enjoyed the experience. There was a very positive spirit and throughout the day, as a result of the carnival atmosphere and the terrific weather. It was very pleasing to see students enjoying the rides, games and other activities.

Our thanks are extended to many people for the success of this day:

- The P&C for their organisation and leadership of the day. This huge task was undertaken by a small group of very capable and skilled volunteers, assisted by further parent volunteers.
- Members of the school staff who attended, supported stalls and helped with the tidy up afterwards. This includes those brave staff members who enabled the dunking stall to be as successful as it was.
- Music teachers and students who played several pieces for the enjoyment of all.
- Members of the wider community who supported through their attendance.
- Staff holders and sponsors.

This highly successful event shows what can be achieved when a community pulls together. Well done Yugumbir!

**A Focus on Quality Teaching**

Parents would have heard much about our WIN time. Each week, students in all year levels participate in WIN time which is a strategy whereby students are grouped across classes and explicitly taught a basic mathematical concept. This means that students’ usual class teacher is not delivering instruction – rather it may be another teacher from another class on the same year level. This structure allows teaching to target students’ instructional level, allowing all students to be suitably challenged.

In reading, our teachers have sustained a focus on the guiding reading strategy throughout this year to the extent that students know and enjoy this approach. Guided reading supports children to not only read the text but to develop their comprehension skills – building skills to enable children to understand the text deeply – to read between the lines, to respond to what is read and to apply what is read to other contexts.

Teachers are to be commended on their work with these two strategies – our students are benefitting greatly from the consistent implementation across all year levels.
Air Conditioning Project
Earlier this year, the P&C confirmed air conditioning the school as its major project this year and in subsequent years. Behind the scenes, extensive planning has been underway to enable this project to get underway. Negotiations with EQ facilities, electrical inspections and projections of various stages of implementation are all important steps that have taken time. It is envisaged that tenders for Stage 1 will be called very soon. This project is an ambitious project by the P&C and will benefit all students as they will be able to sustain their concentration with their learning during the warmer months. P&C activities such as the Fun Day play a critical role in raising funds for this project and other P&C projects. The support of the community is a foundation of the P&C’s capability to undertake a project of the magnitude of the airconditioning project.

Reading and Mathematics Assessments
Planning is currently underway for our students from Year 1 to 6 to undertake the Pat M (Mathematics) and Pat R (Reading) assessments. These assessments are external assessments, provided by ACER (Australian Council of Educational Research) at no cost to students. This year, the tests will be conducted online, a first at our school. Careful planning is underway to ensure access is provided to all students. The Pat M tests will be conducted before the end of this term and the Pat R will be held immediately after the September holidays. The Pat Assessments are a positive reference for teachers, in identifying students’ strengths and weaknesses and guide adjustments to our programs to maximise the learning for all students. Some classes will begin these assessments next week.

Prep 2017
The school is well advanced in its planning for 2017. The enrolment of students into Prep is an important aspect of ensuring a smooth beginning to the new year. Our school receives many applications from families who live outside our local area. We are able to accommodate these request for enrolment if we have spaces available. The support of parents and the community is sought.
- Parents who currently have children at Yugumbir and who have children eligible for prep in 2017, are asked to come forward and enrol.
- Parents who know of other prep-eligible children in the street/neighbourhood, that these parents be encouraged to contact the office to enrol.
It is anticipated that we will have six prep classes in 2017. Early enrolments will contribute towards ensuring smooth start for all our prep students in their first year of school.

Parents in School
Our school welcomes parents into the school. However, it must be clear that our students are our priority and their welfare and privacy must be protected. In recent weeks, there have been incidents when a parent has taken it upon himself/herself to chastise a student for their involvement in an incident with their own child. This choice is inappropriate. At our school, any issues that a parent may have about a child other than their own child, must be reported to a staff member. Staff members can then investigate and address the incident in a fair, reasonable, balanced manner. Staff members can deal with the incident effectively and ensure fairness, respect and privacy are respected. This also allows consequences to be applied in a fair way. In most cases, despite a parent having the best of intentions, their involvement in such incidents raises the point of bias – of the issue not being dealt with fairly. All parents are asked to observe the above policy of our school, within the school and while students are travelling to/from school.
Crossing Safety

There are three supervised pedestrian crossings near the school. These are manned by a supervisor each morning and afternoon. These supervisors do a great job with their ultimate goal being to ensure every child is safe when crossing the road. Their job is made easier when parents also co-operate with appropriate use of the crossing and the existing procedures – modelling positive behaviours to our students.

There have been reports of parents encouraging students to cross the road at locations other than at a crossing. This is very unsafe and poor modelling.

Also, there are very serious concerns about motorists (hopefully not parents) who have driven through the crossing, as the supervisor is walking onto the road to display the stop sign for traffic to stop. Let’s work together to maintain a high standard of safety around our school.

Curriculum News
Bravehearts

The students in Prep to Year 3 met Ditto last week. The Bravehearts ‘Ditto’ show focuses on the principles of personal safety and tools to stay safe, exploring **YES** feelings and **NO** feelings.

Meet
Ditto

**YES** feelings:
Excited, Fun, Safe

**NO** feelings:
Sad, Angry, Unsafe

Ditto explored the warning signs your body feels when you are experiencing **NO** feelings.

Warning signs include:
- Butterflies in your tummy
- Knees knocking
- Heart Racing
- Sweaty Palms
- Feet feel stuck in the mud

When warning signs strike students are encouraged to **Run & Tell Someone** to keep themselves safe!

The Bravehearts Ditto presentation has been rebooked for next year so students gain deeper understanding of this important message.

Maths Team Challenge is my favourite day of the school year – no matter how we place, at the end of the day I am always so proud of our students – their effort, their courage, their behaviour and manners, and the amazing way they represent the very best of Yugumbir State School.

This year we were honoured to have two teams of our years 5 and 6 students compete in the Logan West Cluster Maths Team Challenge. BOTH of our teams did an exceptional job with them placing in the top 8!! I am proud to announce that out of the 12 teams who competed, our Yugumbir Team A Mathematicians placed SECOND overall. Our Team B Mathematicians also proved how talented our Yugumbir students are, by placing 8th.

I am extremely proud of all our Maths Team Challenge students, and the work and preparation they put into the Maths Team Challenge (they spent months training for the day). I would like to congratulate all 10 students, for the brilliant job they did, and an extra special thank you to Mr Holt and Mrs Johnson for coaching them along the way.

Now to start planning for next year’s Maths Team Challenge……!!

Miss Cornwall
Deputy Principal
What an amazing Day! THANK YOU to everyone who joined us on Saturday. Whether you were there to play in the band, help out on a stall or just to join in on the day, we really appreciate it. The teachers who volunteered to be "Dunked", the amazing SEP ladies and gents who baked up a storm and sold out of everything, the teachers and helpers who ran the Sideshow Alley games and the helpers on our P&C BBQ.... Absolutely amazing and we couldn't have done any of this without you all!

Thank you to Mr Quinn for being there to ensure a safe running. Thank you to Mrs Kennedy for making the announcements over the speaker all day, you were great!

Thank you to Mrs Woodlands for volunteering your entire day to keeping our toilets and grounds clean and tidy.

Congratulations to Declan (aged 5) who won the bike and helmet on the day, kindly donated by Jim Chalmers.

Thank you to Linus Powers & Jim Chalmers for your assistance on the day.

Thank you to our Sponsors on the day, LJ Hooker Browns Plains, Regents Park Kindy & Childcare, Rebel FM Rock Station and ABC Fun Rides.

Thank you to our Car & Bike Show Volunteers, Hillcrest Fire Brigade & our local Police for your support on the day.

Once again, we hope everyone had a fun filled days as we did.

PARK RIDGE STATE HIGH SCHOOL

AFL COME AND TRY DAY

Thursday 25th August 2016

The Come and Try day is to give students a taste of what it would like to be an AFL Academy student. The day includes transport to and from school, fun team building activities, skills and drills. If interested can they please register with their HPE teacher by no later than Monday the 22nd of August.

- Leadership activities
- Team Building programs
- Skill development sessions
- Training for performance
- Only 15 students per school (boys & girls grade 5 & 6)
- Lunch will be provided

** See your HPE teacher to Register
**QParents**

**QParent** – The QParents web and mobile application provides an easier way for you to interact with our school. Parents will have secure, online access to their child’s student information, anytime, anywhere, through a smartphone, tablet or computer. It provides access to student information such as:

- Attendance details
- Behaviour
- Report cards
- Timetables
- Invoices
- Payment history

Parents are also able to update your child’s details including address and medical conditions, submit reasons for unexplained absences, notify the school of future absences, and make online payments against school invoices.

**How will I get access to Q Parent?**

You will be able to register a QParents account through the school office. Parents should advise the school office of their desire to register for Qparent. Staff will then support the parent through the registration process.

One parent/caregiver will then be nominated by the school principal to manage the student’s information.

QParents will assist both staff and parents in sharing and responding to information in an efficient and effective way.

**The benefits of QParents**

Convenience and time savings for parents

- Parents can view or update their child’s details without having to contact the school.
- Secure 24/7 online access.
- Available anytime, anywhere — access QParents on your smart phone, tablet or computer.

Greater transparency of information

- Improves accountability between parents and schools by providing parents with timely access to their child’s information online.
- Allows parents to engage more deeply in their child’s schooling.

Improved administration efficiencies for schools

- Allows schools to streamline their administrative processes and cut down on printing.
The QSchools app is a convenient way to share up-to-the-minute information with the school community.

The app is designed to integrate with Websites for Schools websites. When a school publishes content to their website, the app is automatically updated with the latest news, events and newsletters.

Emergency announcements and push notifications, such as information about natural disasters and school closures, can be published by the department.

All Queensland state schools are searchable via the app, however only schools who have upgraded their school website with Websites for Schools will benefit from all the features of the app.

Parent and Community Engagement Framework alignment

The QSchools app is a useful tool for schools implementing the Parent and Community Engagement Framework to facilitate:

- better communication with the school community
- community collaboration
- encourage participation in the school community.

Benefits for parents, carers and families:

- access the latest school news, newsletters and calendar events
- receive emergency announcements and push notifications
- follow multiple schools
- search for the nearest school by current location, postcode, school name or suburb.

Compatible with the following devices: Android, Apple, Windows
Download or update the QSchools app
Compatible with the following devices:
- Android
- Apple
- Windows 8

To receive automatic updates, you will need to ensure that QSchools push notifications are enabled in your phone settings.

Search for your school
The QSchools app allows you to search by:
- School name search
- Map search
- Schools near your current location

‘Favourite’ your school to receive updates
By favouriting your school, you will:
- Have access to school information, newsletters, reports and more
- Automatically receive important updates and push notifications from your school
