**Expectation:**
Have a growth mind set

**Value:**
Enthusiasm, perseverance and discipline

The Yugumbir School Wide Expectations are-

This week’s expectation is **Having a growth mindset** and another Year 6 student will give their view on what this means to them.

To have growth mindset means to never give up. When something knocks you down you just have to get up, brush yourself off and do it again and again until you get better. You have to want to learn from your mistakes and always try your best.

All of the great legends out there wouldn’t be as good as he was if he didn’t have a growth mindset. Michael Jordan is one example of this. He wouldn’t have been as good as he was if he didn’t practise and want to get better. David Beckham is another person who has worked hard to get better.

This is why I have taken the time to tell you all about having a growth mindset and why we should all have it. You need to practise, practise, practise. That is the key.

Mario 6CJ

**PRINCIPAL’S MESSAGE**

Dear Parent, Carers and Students

**MINDSETS**

Stanford University psychologist Carol Dweck’s decades of research on achievement and success tells us that our mindset can help or hinder our ability to succeed.

She states that in a **fixed mindset**, people believe their basic qualities, like intelligence or talent, are simply fixed traits. They spend their time showing off their intelligence or talent instead of developing them. They also believe that they don’t believe they need to put in the effort. They believe they are better than everyone else.

In a **growth mindset**, people believe that their abilities can be developed through commitment and hard work, and intelligence and talent is never enough. This view creates a love of learning and a resilience that is vital for success.

Virtually all great people have these qualities. What about the kids who just don't "get" it? The notion that they are simply "not that smart" and they are wasting their time learning.

The good news is that these kids can be reached by the right kind of mindset by adults. It’s our job to model, promote and support our kids in believing that:

- Our brainpower can be developed and extended, with effort, good strategies and support.
- We all have a purpose. School and family help us contribute positively to society.
- We should always set high standards for our kids, and expect, with the right support, they will succeed.

Let me restate the difference between a fixed and a growth mind set once again for you:
The fixed mindset is focused on judgment. Positive experiences mean that you are smart or talented or both. Negative experiences mean that you are dumb or have no talent or both.

The growth mindset is focused on improvement. Positive experiences mean that you are on the right track. Negative experiences mean you have a chance to make changes and grow.

When these messages are communicated well, as key adults in children’s lives, we can transform our kids experiences of learning from disengaged to engaged and excited. We need to provide them with a productive environment that fosters a strong, positive growth mindset. They need to be armed with the confidence that their own efforts can and will take them far in life.

HOMEWORK FEEDBACK SURVEY 2015 (FINAL WEEK)
Our school is currently conducting a full review of our school's homework policy. It is a part of our desire to seek feedback through consultation as we re-evaluate school programs and improve school policies and procedures. Our key priority is to continue to explore ways to bring about the best outcomes for all students and their associated families. We feel it necessary to gain feedback from all parties concerned and have subsequently put together an online homework survey for parents and carers.

I encourage all parents to respond to this survey in order for us to gather an accurate representation of family opinions as it relates to each of their children.

The survey closes on Tuesday 2ND June.

Chocolate Drive
The Chocolate Drive has begun. The oldest child in each family has been given a box to take home. If you do not require this box, please return to the office immediately as there are many students keen for extra boxes to sell. Please ensure all money is returned before the end of this term. Thank you for your co-operation.
**Attendance Points**

To help us achieve our target of 95%, each morning our teachers take a tally of the number of students from each sporting house who are at school on time. Students need to be on time as late arrivals are not eligible for a point for their house. At the end of the term we will give the winning house some form of recognition which is still to be determined.

Encourage your children to be at school on time, every day!

For week 5, the leading class was 5MF with an attendance rate of 98.6%. The leading house for students in class on time last week was the Goannas. Well done to all those in the Goannas and everyone who is making every day at school count.

**Litter!**

We seem to be experiencing an increase in the amount of litter in the school. A number of parents and visitors have commented to us regarding the state of the grounds. For this reason we will be holding a number of emu parades to try and keep our grounds clean. We will be purchasing gloves for students to use so the process will be hygienic.

If you wish to discuss this, please feel free to contact me on 33800333.

A/Deputy Principal

Weekly sport money collection days are preferably Mondays and Wednesdays.

Curriculum News

This week’s Reading Strategy Focus is Questioning - On My Own.
When answering on my own questions the reader must use his or her own ideas and opinions to answer the question. Questions are open-ended questions that go beyond the text.

- What would happen if...?
- What if...?
- In your opinion...
- Based on your experience...
- Do you agree or disagree?
- Think about something/someone you know
- What can you do to/about...?
- Do you know...?
- Have you ever...?
- Would you ever...?
- Do you believe...?
- How do you know...?
- How would you...?
- Have you ever...?
To answer these questions-
- Underline key words in the question.
- Think about what you already know about the topic in relation to the question.
- Rely on prior knowledge and experience

STRIVE- Structured Tier Two Robust Instruction of Vocabulary Experiences
This year 4KS have been learning the meanings of these words in their classroom-

They are using their tier 2 words in different activities like these examples where they use a graphic organiser to write the meaning of the word, the word in a sentence, and draw a visual representation.

Reading Eggs
The school has purchased Reading Eggs this year for all classes. Please contact your student’s teacher if you require log on details for your child.

Happy reading everyone and don’t forget to activate your prior knowledge and make a prediction before you read. As you read, try to make connections to what you are reading and visualise images. Clarify any words that don’t make sense. After you read summarise your reading by talking about what the text was about and always ask questions before, during and after your reading. Remember when answering right there questions, the answer is always right there in the text. Think and search questions, you have to put pieces of information together. Author and me, use your prior knowledge, experiences and clues in the text to help you answer. On My Own answers, think about your own opinion.

**School Arrival Times**

It has been of great concern to see that an ever increasing number of students have been dropped off at school well before 8 am.

8.30 am is actually the recommended ideal time for students to arrive at school unless they need to be here earlier for a specific reason eg; Booster Classes, Band Practice, Sport Training etc.

Our new policy will be that any students arriving prior to 8.15 will be required to make their way directly to the Main Under Cover Area, outside the Tuckshop. It would be great if the students had a book to read so that they could be occupied whilst waiting.

At 8.15 the Office Staff will make an announcement to allow the children to move quietly to their class area to wait for the school day to commence. Children should remain quietly with the vicinity of their own classroom until the first bell rings.

**NO** students are to play on **ANY** Adventure Playgrounds before school.

The resource scheme provides us with significant opportunities to refine explicit teaching strategies for all students and ensure we personalise the teaching and learning for every child. As we continue to embed the Australian Curriculum and make use of the “Curriculum into the Classroom” units of work developed by Education Queensland, we continue to develop year level and unit specific resources to meet the needs of all students including those with special needs and academic strengths. By inviting and encouraging parents to support an annual $50.00 Resource Scheme contribution we will be able to produce very explicit resources to align to the work being taught in each classroom. It will also provide you with clear savings to online subscriptions that our teachers use to consolidate your child’s learning.

The School Resource Scheme includes the provision of:

- Subsidised dance lessons (10) by Footsteps Dance Company in Term 2
- Reproduced class materials which complement and/or substitute textbooks
- Online subscriptions *(Reading Eggs and Ideal Resources)*
- Photocopying costs (classroom materials and workbooks only)
- Materials for key learning areas where the instruction is extended through providing practical learning experiences in excess of materials provided by our school grants

Children of parents who choose not to participate in the School Resource Scheme will not be provided with any of the resources above or access to online subscriptions.

The school will provide parents and caregivers with an invoice for the resource scheme payment.

☐ I agree to pay the Student Resource Scheme by the due date and I understand that any failure to make payment by this date may result in my child(ren) being excluded from extra-curricular activities.
