Dear Parent, Carers and Students

Caring Hearts – Inquiring Minds – Enriching Lives

Mathematics and Numeracy

What is mathematics? A simple definition of maths is that it’s the study of numbers, patterns, space and change.

How can I help my child grow to love learning maths?

- Be positive about maths at all times.
- Reassure your child that everyone can learn maths.
- Send a clear message that you think maths is important and a lot of fun.
- Point out ways how you use maths every day and in your job.
- Be confident about your own maths abilities. Never say, "I'm terrible at maths" or "I hated maths at school".
- Encourage your child to be persistent if they come across difficult problems.
- Praise your child’s effort, and celebrate when they solve a problem or gain an understanding of a maths concept for the first time.

Why is numeracy important? Numeracy is ‘number sense’. Students who are numerate have the nous to work out when numbers make or don't make sense. It is especially important these days as the numbers we see, hear and read are quite large at times.

Technology, specifically calculators, makes the skill of mental calculations less important these days. But, teaching students to be numerate is vital as it allows them to realise when the result that the calculator gives them is incorrect, because they have pushed the wrong buttons or used the wrong operation.

Late Students

Please take the time to talk to your children about the importance of being at school and in class on time each morning. Learning time is critical in helping your child succeed. Your child will be marked late if they’re not present during roll marking.

Every Day Counts

Our attendance this term sits on 93.7%.

Remember make every day counts towards helping your child succeed at school.
Attendance Points
To help us achieve our target of 95%, each morning our teachers take a tally of the number of students from each sporting house who are at school on time. Students need to be on time as late arrivals are not eligible for a point for their house.
In week 10, the winning house will participate in a rewards day which will be finalised by week 3. Encourage your children to be at school on time, every day!

For week 3 of Term 4, the leading class was 2/3KS with an attendance rate of 100%.
The winning house for week 3 was the Goannas with the Kingfishers leading overall for Term 4.

Well done to all those who are making every day at school count.

Australian Boy’s Futsal Team
Congratulations to Year 4 student Zachary Daly. He has been selected in the Australian 10/11 Boy’s Futsal Team A. His performance at the National Futsal Championships was exceptional. He has been offered a position on the team, to travel to the USA to take part in the USA Nationals in July next year.
Good luck Zachary!!!

Curriculum News

Grandparents Day
Last Thursday we welcomed over 300 grandparents to our school to celebrate Grandparents Day. Grandparents and students had great fun doing a range of different activities in the classrooms including Venn Diagrams discussing what is the same and different about school then and now, Family Trees, and filling out passports as they rotated around different activities.

Prep students read the story “The Potato People” with their grandparents and then they made potato people.
Grandparents shared yummy lunches with their grandchildren while being entertained by the School Choir and Bands.

Thank you to all our grandparents and friends for attending our morning and celebrating with us.

Have a great week.

iConnect2Learning

We have had a great response to the iConnect2Learning program with many parents signing their child up to the 1 to 1 iPad classes in 2016. If you are a current parent of a Year 4 student, and would like an information pack, please come and visit the office to receive the pack and relevant documentation to sign. Alternatively, ask your child’s teacher to send a pack home. We have limited spaces available and are working on a first in first served basis for iPad class placements.

If you have any questions, please contact Melinda Cornwall – Deputy Principal on 3380 0333

Book Box Fair

Thank you to all the parents and carers who purchased books and stationery from our Book Fair in September, our Library benefits with free books and resources. As a thank you, we are having a Book Box Fair on Wednesday 11th to Monday 16th November 2015 in the Library from 8:00am - 3:15pm.

You can BUY ONE BOOK; GET ONE FREE (so if one book costs $20 you could get one or several other books to the $20 value!!) There is no re-ordering available, 1st in gets best choice. It will be a great opportunity to stock up for Christmas, birthdays or just for some reading over the holidays. There will be a variety of genres available to choose from.

Come in and see what bargains you can pick up!

30 cent Flat Fee will apply to all transactions

Horticulture Program Fund Raiser – Pie Drive!!

Pies and other products ordered will be handed out to students on Tuesday 10th November.

The two highest sellers will each receive a $50 movie voucher.

We thank you in advance for your continued support.
Magpie pairs breed in Spring (August – October) and with this comes the magpies’ natural behaviour to defend the territory around their nesting site. This may result in magpies swooping people who they perceive as a threat to their nest.

Reduce your chances of being swooped!

People can take the following precautions during the period when birds are actively protecting their territory.

- Do not deliberately provoke or harass the birds as this may make them more aggressive.
- Walk out of the bird’s territory immediately.
- Magpies are less likely to swoop if you look at them.
- Try to keep an eye on the magpies, at the same time walking carefully away.
- Alternatively, you can draw or sew a pair of eyes onto the back of a hat, and wear it when walking through the area.
- Wear a bicycle or skateboard helmet. Any sort of hat, even a hat made from an ice cream container or cardboard box will protect you.
- Carry an umbrella, or a stick or small branch above your head but do not swing it at the magpie, as this will only provoke it to attack.
- If you are riding a bicycle when the magpie swoops, get off the bicycle and wheel it quickly through the area. Your bicycle helmet will protect your head, and you can attach a tall red safety flag to your bicycle.

If you feel a magpie is a serious menace it should be reported to the nearest National Parks and Wildlife Service 1300130372.

QPARENTS

Help and support for QParents
Online help resources for parents are available at https://qparents.qld.edu.au/#/help

Parents who are having issues should contact the Queensland Government Helpline 13 QGOV (13 74 68) in the first instance.

Shortly you will be receiving some additional information about QParents. This includes a handy registration guide, a magnetic calendar and a scanning code that will take you straight to the QParent website. For those parents who have already registered we hope that you have found QParents to be a useful tool.

Please do not hesitate to contact our friendly office staff if you have any queries.

Host a Student

You have the perfect family! It doesn’t matter if you have 2 dogs, a small house, or are retired, if you’re willing to open your home to an international exchange student, we’ll match you with someone!

Change the life of an international student - welcome them into your home!

Hosting an AFS participant gives you the chance to experience a new culture in your own home. It’s a fantastic opportunity.

You’ll be introducing someone to Aussie life, discovering your own culture and country, and expand your own horizons too.

Students arrive into Australia in February & July each year.

Who is eligible to host?
All types of families are encouraged to apply; there is no “typical” AFS Host Family. Families can have small or teenage children at home, be empty nesters with adult children, or couples with no children. Single adults and single parents are also welcome. AFS provides a great support network of volunteers who arrange activities for the exchange students; however, the more opportunity the AFS Exchange Student has to experience life, the better!

What is required of an AFS Host Family?
As a host family, you will provide your student with:
- The opportunity to participate in your family’s daily lives
- The same care, support, and comfort you would another member of your family
- A bed, not convertible or inflatable in nature; sharing a room with a sibling of the same gender close in age is fine
- Three quality meals, including lunches and meals eaten as a family in restaurants

What Options are there?
We know that families can sometimes find it hard to host for 11 months, so we are flexible with our hosting programs, and like to cater to your families current situation.
